

We are thrilled to launch the first Living Crafts event in Cirencester Park. The event promotes the work of over 100 talented designer-makers from across the UK. Try a new craft and create your own masterpiece to take home in one of the wonderful workshops in the Workshop Pavilion (Birch) or around the showground. Just bring your creativity! For more information and timings of all the craft activities, please visit the workshop or ask at the Organiser's Base in the Showcase Pavilion (38 on your plan). The Living Crafts stewards, identified in their liveried clothing will also be able to help with any queries.

WORKSHOPS

There are plenty of fantastic workshops taking place from simple, fun activities to tasks that will challenge your practical ability. Whilst many could be pre-booked via the website, you can sign up for any of them on the day (subject to space). So get involved and join one of the classes today!

We are pleased to be working with New Brewery Arts, based in Cirencester, which connects people with the handmade and promotes the joy and fulfilment of making and celebrates the role of craft and creativity in all our lives.
